WRITTEN BY HIMSELF.

"My God can such things be!

Hast thou not said that whatsoe'er is done

Unto thy weakest and thy humblest one.

A36 pages, cloth, gift back. Price \$1.

This is the title of one of the simplest, yet most intersely interesting hiographies of the day. It is the plain, homely history of
an American slave in the far South, who, after two or three
escapes and recaptures, finally, an old man, found freedom and
rest in one of the Northern States.

"The story," says the preface, "is true in every particular.
Responsible citizens of a neighboring State can vouch for the
reality of the narrative. The language of the slave has not at all
times been strictly adnered to, as a half century of bundage unfitted him for literary work. The subject of the story is still a
slave by the laws of this country, and it would not be wise to reveal his name."

"This is an autoblography written in a simple, carnest and touching style. It will be read with deep interest by very many, and will make no converts to Sisvery."

"The narrative will be found deeply interesting to all whe sympathize with the oppressed and down-trodden sisve."

This work is said to be true in every particular. The language has been altered, but not the facts. The picture is a vivid one, and shows how said the condition of the slave can be made by croel, reckless, or even careiess masters. The separation of families is one of the most revolting features of the institution."

It is written in a simple and clear style, and the reader can not fall to be deeply interested in it. It is well adapted to give a correct view of the life of a slave."
